### **IHSAA Football Mercy Rule**

#### Foreword

The Indiana High School Athletic Association in cooperation with the Indiana Football Coaches Association have created a protocol to expedite the conclusion of football contests when the point differential between schools reaches a

particular threshold. These measures are placed to promote proper sportsmanship between member schools and potentially reduce the chances of injury to student athletes when mismatches between teams occur.

#### Rules and Procedures

1. Beginning with the second half of any high school football game, when the point differential between teams is at or reaches 35 points, the game clock shall convert to a running clock. A running clock is defined as a clock that does not stop during play with the exception of timeouts, scores and/or injuries.
2. Once the running clock is implemented, the clock may not revert back to standard timing protocols regardless of the score of the contest.
3. The 40 second play clock shall remain in effect throughout the contest.
4. Coaches do not have the ability to override the implementation of the Mercy Rule during a contest. The Referee shall notify the head coach of each school when the Mercy Rule goes into effect. The home team is responsible for notifying timing personnel of the running clock.

***A motion for approval was made by Ed Gilliland; seconded by Martin Brown; motion approved 19-0.***

#### **Review Status of Gymnastics as an IHSAA Sponsored Sport**

Commissioner Bobby Cox and Assistant Commissioner Sandra Walter reported on the status of gymnastics as an IHSAA sport. Per Rule 1-4 of the IHSAA By-Laws, sports that do not maintain at least 25% participation of the member schools will be reviewed annually for purposes of determining future tournament and recognition status. Walter anticipates 79 schools to be represented next winter. She also presented a proposed alignment for 2019-20 of schools competing in six sectionals and three regionals prior to the state finals which are expected to return to Ball State University in Muncie next year after a one-year move to Noblesville High School.

***A motion for approval of continued sponsorship for girls gymnastics was made by Jim Brown; seconded by Dave Worland; motion approved 19-0.***

Assistant Commissioner Paul Neidig presented a list of track and field starters who have applied to work the boys, girls and unified tournaments.

#### **General Update on Licensed Officials**

Assistant Commissioner Sandra Walter reported on the overall official licensing program. She indicated numbers have decreased in the officiating ranks but Indiana has not seen the big drop off that some other states are enduring. She has been meeting with the leadership of the various state officials associations to continue recruiting efforts. Swimming licenses are up 10 percent over last year and college fairs and a cooperative effort with Purdue's intramural program has yielded several more individuals who have become licensed.

### Baseball Pitch Count Procedures

Assistant Commissioner Robert Faulkens provided the following protocol regarding the pitch count.

All sectionals will have an official scorer for each game. The official scorer will count pitches for both teams.

At the conclusion of each inning, the head coaches will meet at the plate and exchange pitch counts for both teams for the inning which was just concluded. If there is a discrepancy, the official scorer pitch count will be used.

At the conclusion of the game, both coaches will reconcile the pitch count for each pitcher on each team. Any discrepancies in pitch counts will be determined by the official scorer pitch count.

The responsibility for administering the pitch count remains with the head coach. The pitch count is a Participation Rule and not a game rule. Much like the quarter count in football and basketball. It is not the duty, or responsibility, of the umpires, nor the official Scorer, to administer the pitch count.
